Include header when deferring emails

Fri, 02/03/2017 - 08:37 — jkelly40

When defering an email into a task, it would be helpful if the header (eg. the email, date, etc.) was included in the new task. Often the task invovles me eventually emailing the person back to tell them about it. It would save a step if the email address was included in the task when it was created.
