

Ernie Borgoyne, Engagement Manager

[Blog](#) [1]

[Contact Ernie](#) [2]

Ernie is an accomplished Six Sigma Black Belt and Quality Engineer with a broad range of engineering experience and proven track record of quality and cost saving process improvements. He is a Total Quality Management professional cultivated by over 10 years of experience directly supporting a major Japanese telecommunications customer. His industry experience includes Public Safety, Hotel Management, Industrial Control, Aviation, Government Contracting, Network Communications and Security, Cellular Telecommunications, College level Training and Education, and Water and Wastewater Management.

Ernie graduated from Arizona State University with a BS and MSEE in Computer Science. For over 30 years he has leveraged his engineering background developing his skills in Real-time Software Development, Systems Architecture, Product Development and Launch, Project Management, Business Development, Supplier Relations, Customer Support, and Quality Engineering. He earned his Six Sigma Black Belt Certification from Motorola, and is an ASQ Certified Quality Engineer.

He works with small and large businesses, and public sector organizations, to develop and implement creative solutions to reduce cost of quality. Ernie is passionate about quality improvements and driving out waste.
