Any plans for Outlook x64 support?

Thu, 01/06/2011 - 23:48 — Noelhx

I run Office 2010 X64, so if this is not an option in the near future, I need to know to continue my search elsewhere.When I develop my own addins, I simply change the target in VS2010 to Any CPU, and they install and work fine with Outlook x64.Noel
