

Lost Projects and Focuses in Ceptara Outlook but stil on Toodledo

Chris,

All of my project and focuses I set up in Ceptara in Outlook are gone, but they are still in Toodledo. I would like a quicker way to get them back than having to go throug manually adding them again, but as noted in the sync set-up, these are one way - ceptara --> toodledo. Is there a way I can do this?

Thanks!
