

No chance to fill in "My Record" - Unassigned Record

Thu, 07/21/2011 - 05:41 — Joachim Bekedorf
Dear supporters,

I am on the trial basis wishing to install Ceptara after it has passed.

Trying to fill in my record I have problems as "find me" and "browse" do not work, going through "options" "my record" the prompt blinks waiting for characters to be filled in - but nothing happens. It is as the keyboard would not work (what of course not the reason is).

Don't think this is an important matter as I will work with CEPTARA on my own.

And maybe another help needed: Klicking "projects" leads the systems takes minutes to open. I would guess this is not the way it should be.

Thank you for an idea,

Jo
