The PowerPoint presentation used at the [\[ThinkBiz 2011\]](#) [1] conference in Bellingham, WA is attached below.

An introductory session for the Personal Excellence [\[Workshop\]](#) [2] was presented.

We talked about how to focus and achieve your dreams by challenging yourself with three questions:

1. What is important to me?
2. What should I focus on?
3. What do I need to do next?

Some key takeaways from the talk included:

- Your journey starts with you.
- Write down your values and use roles to make them real.
- Use communities, roles and MARST to frame your objectives.
- Process your e-mail using the 5Ds
- It's your system - make it work for you!
