

Cant install organizer

Mon, 09/26/2011 - 13:34 — hansjuergenschu...
Hello,

The product description is very promising however I cant install the product. I got following message when running the setup:

An error occurred downloading the following resource:

<http://go.microsoft.com/fwlink/?LinkId=158918> [1]

It looks like the link to the Visual Studio Runtime is broken however I cant find any new one.

I use Outlook 2010 at Windows 7.

Thx for help,

juergen
