Organizer Pane loads always off in outlook 2010

Fri, 10/07/2011 - 21:57 — jbromley

Is there a way to change the setting so that when outlook 2010 loads, the organizer pane is always on?

I have followed the other forum posts and have my organizer setup almost dialed in, with it always loading the My Organizer view. The only remaining issue is I have to turn on the organizer pane whenever I open outlook the first time.

Thanks,

John
