How to Achieve Organizational Excellence, featuring The FocusOrg™ Game

Have you ever asked yourself or your colleagues the following questions?

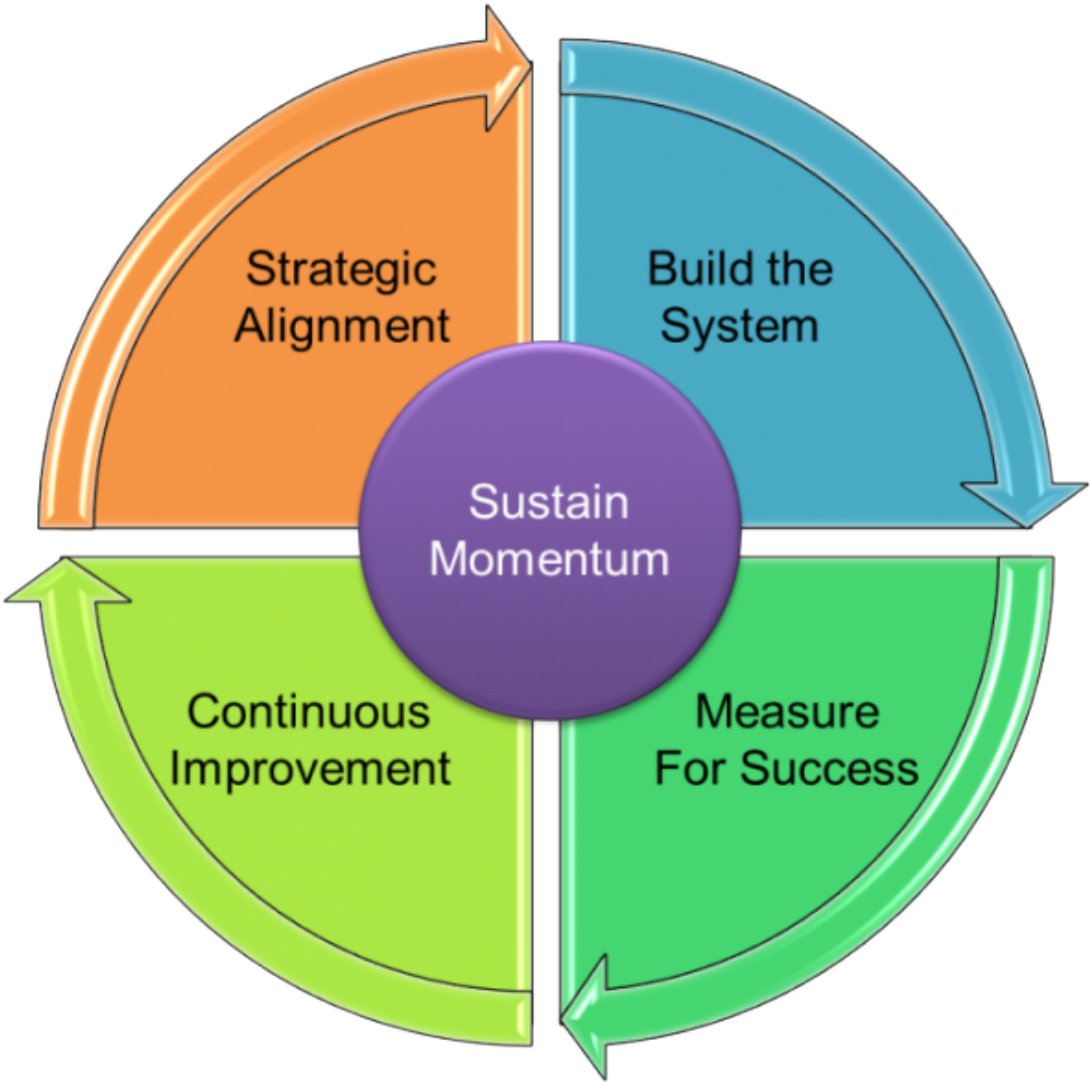

- What is Organizational Excellence?
- How do get my organization to understand and delight customers?
- Can I use the tools of continuous improvement (Lean, Six Sigma, Theory of Constraints, etc.) in my organization?
- How can I get my organization to achieve performance excellence?

If so, you should attend our *How to Achieve Organizational Excellence* workshop.

Based on our *Five Steps to Achieving Organizational Excellence* model (below), this session will introduce you to the underlying connects in each step. Also, our integrated hands-on simulation, *The FocusOrg™ Game*, will allow you to experience the journey through the five steps. In the end, the workshop will help you understand how you can transform your organization and your life.
