Sign Up for the FocusMe Beta

Sun, 03/02/2014 - 11:02 — Chris
Ceptara's FocusMe application is a Microsoft Outlook 2010 & 2013 add-in designed to help you and your team achieve greater focus. It builds on the great features of the Organizer tool including 5D email processing, organizing your mail, tasks, appointments, documents, and notes by Project, task planning support, and time tracking and timecards. FocusMe's team collaboration using FocusSync and/or Microsoft SharePoint promotes cross team focus within your organization and with others outside.

View the End User License Agreement [EULA] [1].

I would like to help test the FocusMe for Outlook beta:
Full Name: *
Please enter your full name - first_name last_name.

Username: *
Please enter your Ceptara website username - this will be used to validate your Organizer purchase.

E-Mail Address: *
Enter your e-mail address. A copy of this submission gets sent to the entered e-mail address and will get used in issuing your test license.

❍ I affirm that I agree with the terms and conditions as documented in the End User License Agreement
