Lean Six Sigma Green Belt Certification Program

Thu, 04/03/2014 - 14:11 — Chris

Ceptara's Green Belt (GB) Certification program is designed to create the continuous improvement knowledge foundation organizations desire to create a culture that is focused on doing things more effectively and efficiently. The program builds important transferable skills and prepares participant who desire an American for Society Green Belt Certification. The program is design to help any student regardless of previous training to be familiarized with the GB Body of Knowledge and through classroom interaction and project focused study be able to apply the GB principles and tactics in their professional endeavors. By completing the program, the student will be prepared to take the ASQ certification exam.
