Speaking Topics [4]

Chris founded Ceptara in 2002 and has since served as its Managing Partner.

Chris has over 25 years of management consulting experience with technology companies such as AT&T, T-Mobile, Lucent and Microsoft. His experience includes: product design and manufacture, supply chain optimization, software design, development and delivery, consumer service cost reduction and cycle time improvement, and ebusiness management. Prior to founding Ceptara, Chris held several executive positions for AT&T including Vice President Service Activation, Vice President Installation and Maintenance, and Director of Quality. In addition to his AT&T experience, he provided leadership, management and engineering expertise for companies including Infospace, Motricity, Microsoft, Lucent and NCR Corp.

Chris is a Lean Six Sigma Master Black Belt and senior member of ASQ. He has a Masters of Science degree in Electrical and Computer Engineering from the University of South Carolina with an emphasis in neural networks and artificial intelligence. He holds a Bachelors of Science degree in Electrical Engineering from the University of Nebraska.
